

CORRECTED FISCAL NOTE

SB 2670 - HB 3121

March 31, 2006

SUMMARY OF BILL: Requires an ignition interlock device to be installed on each motor vehicle driven by a DUI offender.

ESTIMATED FISCAL IMPACT:

On March 21, 2006 we issued a fiscal note indicating a decrease in state revenues of \$277,200, a recurring decrease in state expenditures of \$2,961, and a one-time increase in state expenditures of \$10,000. In our assumptions we stated the driver license reinstatement fee is \$65. The driver license reinstatement fee for DUI offenders is \$100. Therefore, the estimated fiscal impact of this bill is:

(CORRECTED)

Decrease State Revenues - \$350,700

Decrease State Expenditures - \$2,961 Recurring

Increase State Expenditures - \$10,000 One-Time

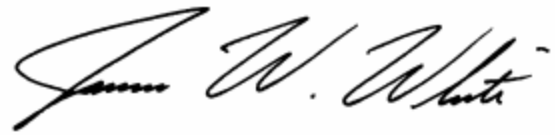

Assumptions:

- Approximately 21,000 persons will be required to have an ignition interlock device installed on their vehicles before being reinstated and receiving a restricted driver license.
- Approximately 10% (2,100) will choose not to receive an ignition interlock device and be reinstated and receive a restricted driver license.
- Approximately 90% (18,900) will choose to pay for an ignition interlock device and be reinstated and receive a restricted driver license. Of this number, approximately 15.9% (3,005) will be declared indigent and will not be responsible for paying all costs associated with having an interlock device installed on the appropriate motor vehicles. However, the bill is not clear who will pay to install such interlock device.
- A decrease in state revenues from not collecting reinstatement fees and restricted driver license fees from persons choosing not to pay for an ignition interlock device; such persons will not be reinstated and receive a restricted driver license (2,100 x \$100 reinstatement fee) + (2,100 x \$67 restricted driver license fee).

- A decrease in state expenditures as a result of not issuing reinstatements or a restricted driver license to persons choosing not to pay for an ignition interlock device; such person will not be reinstated or receive a restricted driver license (2,100 x \$1.41 cost to issue license).
- A one-time increase in state expenditures for computer system changes.
